KEYNOTE SPEAKER

Gerald Solomon

Samueli Foundation
Executive Director

CEO of Public Health
Foundation Enterprises (PHFE)

Co-Chair, STEM Funders
Network

Having a STEM-ready workforce is vital to our region's success. Don't miss this opportunity to learn about the issues impacting our ability to compete in the global economy, and be part of creating a stronger future with STEM jobs at the forefront.

During this day-long session we will:

- Learn about the progress made since the comprehensive STEM study conducted in the Great Lakes Bay Region
- Learn about business and education partnership solutions for creating a strong, STEM-ready workforce of the future
- Hear about the computer science/coding needs of the workforce
- Build the STEM Momentum in the Great Lakes Bay Region by featuring over 35 unique breakout sessions from regional, state and national presenters
- Hear about STEM opportunities and challenges facing our region's young people

Teachers: Through the generous support of The Dow Chemical Company Foundation, the first 200 teachers to register will be eligible for a \$100 substitute reimbursement for full-day attendance. Substitute reimbursement forms will be available upon registering.
