GO GREEN!!

HACKATHON
April 12, 2025

ABOUT *GO GREEN!! HACKATHON*

The *Go Green!! Hackathon* brings together secondary (high school) and collegiate interdisciplinary teams for a collaborative learning experience in Midland, MI.

Teams (comprised of two to five students) will be challenged to create solutions in support of circularity in the healthcare, manufacturing or food and agriculture industries. Prizes will be awarded to the top two high school and collegiate teams.

Solutions are encouraged to use digital technologies such as barcodes, radio frequency identification (RFID) and other real-time location systems in the development of their solutions.

STUDENT BENEFITS

> Help solve real-world, circularity-themed challenges.

> Learn and use technologies on the forefront of traceability.

> Demonstrate leadership, problem-solving, and negotiation skills.

> Network with professionals for internships or a job reference.
